

Lang Ranch Elementary School
2012-2013
Suggested Student Supply List

These supplies will help support your child during the year. This is a voluntary donation to the school (should not exceed \$25). No student will be denied supplies if you are not able to or choose not to provide these items. However, parent support in this regard allows our school budgets to be spent on additional instructional materials. We have also found that students often take better care of materials when they have been brought from home.

Kindergarten
