12. Triticale _____

13. Wheat Berries _____

14. Long Grain Rice _____

15. Short Grain Rice _____

Research and Poster Presentation Grains

You will be assigned a topic on a specific grain. After researching your grain, you will prepare a poster to be presented to the class. You must turn in all research information and it must be done during class. We will spend one day in the library/media center researching your topic. The following day we will meet in class to complete the assignment by making a poster using your information you found on your grain. Then you will be presenting your poster to the class.
