Bill Karbon

V.P. Traffic and Safety

Traffic Safety

- Be patient
- ***Build an extra 5-10 minutes into your morning schedule!!***
- Observe the speed limit (25 mph), and all stop signs and crosswalks
- ***Do not drive through a crosswalk when pedestrians are in or entering the crosswalk!!***
- Follow the directions of parking lot supervisors
- ***Refrain from the use of cell phones while in your car near the school!!***

Traffic Safety

- Observe 1-way traffic flow
- Do not block traffic in and around drop off/pick up areas
- Do not block driveways of homes bordering the school
- Have children enter and exit car from the curb side
- *Exercise is good!!*

Let's all have a great and safe year!!

Thank you for taking last week's reminders about safe and courteous driving in the Westlake Hills' parking lots and surrounding streets to heart for the sake of all of our students.

STAFF PARKING

We would also appreciate your help by **refraining from parking in spaces marked "Staff" during the school day** because staff members who must leave campus for short periods of time during the day, have difficulty getting to their classes on time when they cannot find parking upon their return to school.

After School Safety

Please help us keep your children safe during those infrequent times when you may be detained picking them up from school. Although we have reminded our students about the proper safety procedures, we would appreciate it if you would also discuss the following with your children. **Students should come to the office after school if the parent or guardian has not arrived to pick them up by the time the parking lot supervisors come in the parking lot.** The office staff will help locate transportation for children waiting for their ride by making telephone calls from the student's Emergency Card information. Students are to remain in the office until the parent or guardian comes directly into the office to pick them up.

SCHOOL SAFETY 101
