

Student Characteristics / Needs Forms

The registration process for students who will be returning to Wildwood for the 2009/2010 school year is already underway. Over the years, we have developed an effective procedure for grouping classes. The Student Characteristics / Needs Form (formerly White Card) is a valuable tool in this process. These forms provide us with additional information regarding your student's needs. Characteristics / Needs forms will be available in the office during the month of May.

So that we may include the information on the forms in the class selection process, please return the completed form to the office no later than May 29th, 2009

Please remember, the Student Characteristics / Needs forms are **NOT a teacher request form**. Many factors, including learning style, behavior, special learning needs, medical concerns, and class size are incorporated in the placement process. It is our goal to provide students with balanced, heterogeneously grouped classes that best meet the needs of all students. **Forms that contain requests for specific teachers will not be used in the placement process.**
